

## E.McCole 3<sup>rd</sup> class Weekly plan 27<sup>th</sup> – 1<sup>st</sup> May

Hi boys and girls ☺

I hope you enjoyed your first week back at school. It is great to see you all working so hard and also getting out in that lovely sunshine.

Below is a list of work I have set out for this week. I completely understand that some parents are still working and have other children in the house so there is no pressure to complete all tasks. I ask that the children make an effort to get English, Irish and Maths done on a daily basis. I am also aware that the children do not have all their books home with them so we can only do our best with what we have. Most book publishers are offering free access to online books where children can write on a sheet or a spare copybook to complete work.

Many of the kids enjoyed doing their diaries last week so feel free to continue with these in the following weeks. I would love to read them!

I have added a Padlet this week where you will find direct links to various worksheets and extra curricular activities to enjoy! I am hoping to work solely from this Padlet in the coming weeks so have a practice to navigate and make yourself familiar with it. Link below

I will ask that some work be sent on to me via email whether it is an attachment or a photo of the work is fine. You can contact me during school hours on:  
[e.mccole3rdclass@gmail.com](mailto:e.mccole3rdclass@gmail.com)

This work I will mark with a star symbol \*

If you have any problems accessing this work or would like more work set for your child please let me know by email.

Please encourage your child to read as much as possible and get outside at LEAST once a day for exercise.

Stay safe and take care.

Emma McCole
